GENERAL REGISTRAR'S REPORT

- **General Progress and Clarifying Guidelines for the 2025 November General Election.**
 - *Curbside voting* – the board discussed how to best balance the privacy of the voter, efficiency for the Election Officers, and transparency for the Authorized Representatives. The Board concluded that Authorized Representatives keeping a distance of 10 feet from the vehicle being used for curbside voting should accomplish all three of these goals.

- *Authorized Representative training* – provided by the Office of Election, but not well attended by party representatives. Materials have been made available online for party representative and public use.
- *Do's and Don'ts* – the Board discussed the expanded development of an objective “Do's and Don'ts” list (building on what ELECT has already published) outlining Election Officer and Authorized Representative capabilities and limitations.
- **Election Security and Mail Voting Process.** The General Registrar provided a comprehensive overview – complete with diagrams, flow charts, and example absentee ballot materials – describing how the process works as well as the checks and balances in place.
- **FY27 Budget Initiatives.** The Board will correspond with and present to the Board of County Supervisors (BOCS) early next calendar year to advocate for and explain budget requests and priorities.
 - New poll books
 - An increase in baseline support
 - An added staff position for dedicated Outreach

NEW BUSINESS

- **New Election Officer Appointments.** A list of 40 new election officers (15 Democrats, 20 Republicans, and five Non-Partisan) was submitted to the Board for approval, along with one request for party affiliation change.
