Message from the Director

Thank you for your willingness to serve as an election officer and assist the voters of Prince William County.

I appreciate the many of you that completed feedback surveys and participated in post-election sessions and committees. Every election is an opportunity to improve the process. You all proved that during the June primary when a recount involving dozens of precincts showed the two-vote margin from Election Day was preserved exactly. Your excellent work was showcased!

To say thank you and because it's overdue, I increased officer pay. I know it's not why most of you serve but know that the Electoral Board and our staff have so much gratitude for your efforts.

This election cycle, we are adding the Equipment and Provisional Specialist to the election team roster. This position, the Chief, and the Assistant Chief will all go through a certification course with small class sizes to focus on hands-on exercises for provisional ballots, reporting election night results, and more.

To ensure accuracy, we changed the process slightly. We want the Pollbook Officers to process the most common cases (voters at their correct address with proper identification) and funnel all

exceptions to the Chief, Assistant Chief, and Equipment and Provisional Specialist. This will allow the certified team members to examine special situations like same-day registrations while the check-in line for most voters keeps moving.

If you have ideas and feedback after this election, I encourage you to complete the survey we send after each election. Alternatively, you can email electionofficer@pwcgov.org with process ideas, edits to the manual, or tips to share with your fellow officers.

I believe the best way to continue to make progress is to listen to those of you who are in the precinct and make sure that we follow through on your ideas. That is the formula to make sure we provide voters with the best experience and the most accurate elections possible. Thanks again for your commitment to that goal!

**Eric Olsen, Director of Elections
Prince William County**

Officer Requirements

OFFICER QUALIFICATIONS

All election officers must:

- Be a registered voter of the Commonwealth of Virginia.
- Not hold elected office or be an employee of an elected official.
- Be available from 5:00 am to 9:00 pm on Election Day without leaving the polling place.

STEPS TO BECOME AN ELECTION OFFICER

- 1. Application:** Complete an application and accept your appointment as an Election Officer with Prince William County.
- 2. Assignment:** After verification and approval, officers are eligible for assignment to precincts. When possible, Election Officers are assigned to their home precinct.
- 3. Training:** If assigned, all Officers must complete training prior to EACH election. Your assignment letter will include details on how to sign up for training.

***NOTE:** Not all officers will be assigned to each election based on staffing needs and party representation requirements. Per Virginia Code, preference is given to officers who are nominated/ approved by a party, but nonpartisan officers may also be assigned to work elections. Please note that these requirements may sometimes mean we cannot grant officers their preferred work location. For more information, see Virginia Code § 24.2-115.*

Voting Basics

VOTING PROCESS

Voter Checks In: The voter checks in to the polling place by stating (or writing) their name and address and presenting identification. The election officer finds the voter in the pollbook and verifies them.

Voter Gets a Ballot: The election officer gives the voter the proper ballot and some basic instructions for how to complete it.

Voter Completes the Ballot: The voter proceeds to the voting booth and completes the ballot.

Voter Scans the Ballot: The voter proceeds to the ballot scanner and inserts the ballot to be scanned and tallied.

Voter Gets an “I Voted” Sticker.

This manual is going to teach you:

- How to get the polling place ready for voting.
- Proper procedures and expectations for all officers.
- How to assist voters with each step in the voting process.
- Special exceptions for some voters who are outside this process and how to handle them.
- How to close the polling place and report results.

Please consult this manual when uncertain of the proper procedures on Election Day. If you are still unsure, please call Chief HQ at 703-792-8397. Our team is here to support you!

ELECTION EQUIPMENT

Pollbook

Pollbooks are used at each polling place to check in voters and provide election officers with key information. The pollbook lists all voters in Prince William County and flags voters with special conditions in case the officer needs to take some special action for a particular voter. The Office of Elections uses the ePollTab tablet pollbook by DemTech. All precincts are also issued a paper pollbook.

Ballot Scanner

The scanner is the machine that scans and tallies votes on Election Day. It is generally the voter's last stop before they leave the polling place. The ballot scanner serves several functions including scanning each voter's ballot, storing the paper ballots securely in the ballot box, storing a digital image of the ballot, tabulating results for each individual polling place, and printing out reports that allow officers to report results. The Office of Elections uses the Hart InterCivic ballot scanner.

Touch Writer

The Touch Writer is a ballot marking device that ensures the polling place is compliant with the Americans with Disabilities Act. Votes are not cast on this device. The Touch Writer allows voters with visual and physical disabilities to use the machine to mark a ballot that must then be scanned by the ballot scanner. The Office of Elections uses the Touch Writer by Hart InterCivic.

Election Officer Duties

OFFICER POSITIONS

Chief Officer (Chief)

The Chief is responsible for the overall management of the precinct and all materials and equipment (ballots, electronic devices, etc.) provided to the precinct. They supervise and provide quality control for the check in of voters, distribution of ballots, and the provisional ballot process. The Chief makes the final determination when a procedure is uncertain and contacts Chief HQ for clarification on Virginia law and process. The Chief handles questions from media and poll watchers.

Assistant Chief (Assistant)

The Assistant Chief is responsible for assisting the Chief in all tasks and overseeing other Officers.

Election Officers (Officers)

Officers assist voters with the process checking in and casting their ballot. They might be asked to serve in several roles described later in the manual on Election Day (see *next page*).

Equipment and Provisional Specialist (EPS)

At least one officer at each precinct is designated as the Equipment and Provisional Specialist. They assist the Chief and Assistant with setting up the scanner, Touch Writer, and pollbooks before the polls open. Once the polls are open, they rotate to the Provisional Officer role to assist voters with provisional ballots. After the polls are closed, they are once again responsible for printing tapes, completing the pollbook summary report, and shutting down and packing the machines away in the cage as instructed by the Chief.

Language Specialists

Officers who speak Spanish fluently should contact the Office of Elections to inquire about bonus pay to assist voters with limited or no English proficiency. These officers are placed in locations with identified needs in this area.

OFFICER ROLES

The Chief assigns officers to roles to perform the core functions of the polling place. Chiefs will generally rotate officers through several roles during the day depending on their skills and comfort level.

Pollbook Officers - These Officers check voters in on the pollbooks, issue ballots to qualified voters, and provide basic instructions on how to mark a ballot. They ensure voters are qualified by checking identification and verifying information on the pollbook. They should be comfortable using electronics and sitting for long periods of time.

Voting Booth Officers - These Officers are responsible for traffic flow once voters have their ballots. They direct voters to available marking stations, answer basic questions on how to mark a ballot, rescue runaway pens, and ensure the voting booths are free of campaign literature and other things voters may leave behind. This role requires long periods of standing.

Scanner Officers - These Officers provide basic instructions to voters preparing to feed their ballot into the Scanner, assist voters if the ballot is rejected, ensure the scanner is not tampered with, and distribute "I Voted" stickers.

Provisional Officers - The provisional officer is generally the Chief, Assistant, or Equipment and Provisional Specialist. They assist voters with the provisional ballots and Same-Day Registrations. They also assist voters that have moved to ensure they are in the right polling place and handle special situations. They work at the Chief/provisional station.

Greeters - Officers and Pages (high school students) can serve as Greeters, the first point of contact for voters. They offer chairs to voters who might have trouble standing in line, remind voters to have IDs ready, manage the line, and direct voters who might be in the wrong polling place to the Chief. (Pages can only perform these tasks and hand out "I Voted" stickers. Pages cannot handle ballots or election equipment.)

Election Officer Policies

CELL PHONE POLICY

Officers are only permitted to talk on their cell phones in the room where voting is taking place when talking to the Office of Elections. You are permitted to use your mobile device and check messages during your breaks. Voters and Poll Watchers are not allowed to talk on their phones inside the room where voting is taking place. They may use their phones for other functions if it is done silently. The only things voters may photograph are themselves and their own ballot (no other people or equipment). Officers and Poll Watchers are not permitted to take any photos or videos inside the polling place.

EMPLOYMENT PROTECTION

Virginia Code provides certain employment protections to Officers. They shall not be discharged from employment nor have any adverse personnel action taken against them. They also shall not be required to use sick leave or vacation leave provided reasonable notice has been given to their employer (VA Code § 24.2-119.1).

DISCRIMINATION BASED ON DISABILITY PROHIBITED

Virginia Code § 51.5-43 prohibits any “Discrimination against qualified persons with disabilities in exercising [the] right to vote.” It is your duty to enforce this law. Only voters who have been adjudicated by the courts as mentally incapacitated lose their right to vote. It is your job to be aware of all legal options available and to work with voters who have disabilities to find the most suitable method for them to cast a ballot.

JURY DUTY EXEMPTION

Election Officers are exempt from jury duty on Election Day (VA Code § 8.01-341.1). If you need assistance with this, please contact our office at 703-792-6470.

COMPENSATION

Election Officers are paid a stipend for their training and Election Day service at the following rates:

Chief Officer	\$275
Assistant Chief Officer	\$225
Election Officer	\$200

Officers receive an additional payment for the following:

- Chiefs, Assistant Chiefs, and Equipment and Provisional Specialists who complete a certification training receive an extra \$25 payment.
- The Chief (or other designated officer) who picks up precinct supplies prior to Election Day receives an additional \$25 payment.
- The two officers (one from each party, if possible) who return all ballots, envelopes, forms, and key items on election night receive an additional \$25 each.

Officers are generally paid via direct deposit within 4 weeks of Election Day.

New officers are required to enroll in the PWC finance system, Mobius, unless the intent is to waive compensation. To expedite payment, ensure your banking information is up to date in your Mobius account.

If you are a Prince William County employee (FT, PT, or temp), your stipend money will be paid through county payroll on a regular pay day after the election. It will appear as a separate payment element in your paystub. Taxes are withheld based on the information provided on your W-4 and VA-4 form.

CUSTOMER SERVICE GOALS

All interactions with voters must meet a certain baseline expectation of service:

- **Treat every voter and visitor with dignity, respect, and courtesy.** Voters may have different mental, physical, or language abilities that may require assistance. Remember these barriers may not always be visible or obvious.
- **Remain calm and neutral in all circumstances.**
- **All voters deserve to be treated equally,** regardless of race, color, ethnicity, gender, political affiliation, sexual orientation, and physical or language ability.
- **Listen carefully and be patient.**
- **Make reasonable accommodations to assist voters.**
- **Never discuss politics,** voting preferences, or your political ideology with other officers or voters while serving as an election officer.

If a voter is being disrespectful or disturbing other voters and you are unsure of how to proceed, contact your Chief.

If the Chief needs support, contact Chief HQ at 703-792-8397.

BASIC OFFICER GUIDELINES

It is the duty of officers to know the fundamental rules of the polling place and the laws that govern elections:

- Provide support to all voters according to the law and instructions provided by the Office of Elections.
- Follow procedures in this manual to be sure no voter is denied the right to vote.
- With more than 400 pages of Virginia Code that govern elections, there is no way that officers can know ALL the applicable laws. If you have questions before Election Day, call or email the Office of Elections at 703-792-6470. On Election Day, call Chief HQ at 703-792-8397.

Furthermore, officers take an Oath to “faithfully and impartially” execute their duties.

- Officers may not discuss candidates, political parties, issues on the ballot, or political topics.
- If you are unsure and think something could be a political topic, it is best to avoid it.

An election officer also must prevent “fraud, deceit, and abuse.” If you see something questionable or suspicious on Election Day, contact Chief HQ at 703-792-8397.

You may discuss the specific needs of a voter who needs support or assistance in a quiet and respectful manner to protect that voter’s privacy. Keep the polling place peaceful and quiet. Loud talking and other noises make it difficult for voters to concentrate.

TIP: In order to present a consistent appearance on Election Day, officers should wear their official t-shirts. Jeans are acceptable, but ripped jeans are not. Shorts or leggings worn as outer garments are not proper.

Do not wear perfumes or scents to the polling place. You will be interacting with many people and may risk someone having a bad reaction.

Voters with Disabilities

It is important that all election officers understand the proper ways to assist voters with disabilities at the polling place.

GENERAL GUIDELINES

- **Be courteous and respectful.** Remember that disabilities are not always visible or obvious.
- **Be considerate of the extra time it may take** for a person who is disabled or elderly to get things done.
- **Always speak directly to the voter** and not to a companion, aide, or sign language interpreter. Be patient with any person who has difficulty speaking.
- **Ask before you help.** Don't be shy about politely offering assistance, but never assume someone wants help and always ask first.
- **Be sure that sufficient signs are in place** to direct a person to the most accessible route to the voting room.
- **Know what options are available.** If a voter requests special assistance, know what equipment and services can be provided to assist that voter.

Request for Assistance Form

The Request for Assistance Form must be completed when another person (often an aide, family member, or election officer) is going to assist a voter in marking or casting a ballot.

Use a Request for Assistance Form if someone other than the voter is going to see how a person voted their ballot.

The voter may choose anyone in the polling place to serve as an assistant except for a poll watcher, the voter's employer, or a union representative. Those individuals are prohibited by law from assisting a voter (VA Code § 24.2-649).

If the voter is unable to sign, the Assistant should write "Blind Voter" or "Unable to Sign" on the signature line for the voter.

Voters with Mobility Impairments

- Do not push or touch another person's wheelchair or equipment without consent.
- Try to put yourself at eye level when talking to someone in a wheelchair. Sit, bend, or kneel in front of the person.
- Know where the accessible restrooms are in the building.
- When giving directions to a person in a wheelchair, consider distance, weather conditions, and physical obstacles (curbs, stairs, steep hills, etc.).
- Either fasten mats and throw-rugs down securely or move them out of the way. Anyone could trip.
- Keep floors as dry as possible on rainy or snowy days.
- Keep the ramps and wheelchair-accessible doors to the polling place unlocked and free of clutter.

Voters with Speech or Hearing Impairments

- Voters who cannot speak can confirm their name and address in writing.
- Let the voter take the lead in establishing the mode of communication with which they are most comfortable including speaking, gestures, or writing.
- Do not cover your lips in case someone is reading them.
- If speaking, speak calmly, slowly, and directly to the voter.
- Do not shout.

Voters Who Are Blind or Have Low Vision

A voter who is blind or has low vision may choose to use an assistant to vote a paper ballot or mark a ballot using the Touch Writer.

Remember that a blind voter is never required to sign any form, including the Request for Assistance Form, but the person assisting must complete Section B of this form. Read aloud any required oaths or affirmations to the blind voter, and, if the voter so affirms, write “Blind Voter” on the signature line.

To assist a blind/low vision voter:

1. Identify yourself and state that you are an election officer.
2. If guiding a blind voter, offer your arm to the voter, rather than taking the voter’s arm. Walk slightly ahead of the person.
3. As you guide the person into a room, describe the layout and the location of furniture, and note who else is nearby. Make sure to identify doors, stairs, and other barriers as you approach them. Be specific about describing the location of objects (Example: “There’s a table two feet to your left”).
4. If a blind voter has a guide dog, walk on the opposite side of the voter from the dog. Do not pet or otherwise distract a guide dog without permission from the owner.
5. Let the blind person know if you must leave his or her presence.

OUTSIDE POLLS VOTING

Voters 65 and older or those with physical disabilities are permitted to vote outside the polling place. This is called Outside Polls voting on forms and documents in the precinct.

Each polling place will have a designated parking space or area for voters who require this service.

Election officers should not attempt to verify the age or disability of voters opting to use this service. Allow voters to identify for themselves if they qualify.

SERVICE ANIMALS

All service animals are allowed in the polling place.

How do you identify a service animal? Simply ask the voter. If they identify the animal as a service animal, that is sufficient. Identification or special clothing for the animal is not required.

If an animal is a pet, it must wait outside the polling place.

Additional Information

LANGUAGE ASSISTANCE

Prince William County is required by law to provide all election documents and forms in both English and Spanish. All signage and posters are displayed in both languages.

A translation app will be available on the phones and tablets given to the Chiefs at each precinct. Training will cover how to use this app to assist voters with limited or no English proficiency.

Officers who speak another language are allowed to assist voters in that language.

Poll watchers at the precinct must be notified if an election officer is translating for a voter so they can observe the interaction. Poll watchers are not allowed to serve as translators.

Officers should avoid posting handmade or improvised signs and should contact the Office of Elections for a translation if such signage becomes necessary due to safety concerns or other emergency situations.

REMOVAL OF ELECTION OFFICERS

Officers generally do a great job and serve their community with professionalism and courtesy, but in some circumstances you may be removed as an officer if you do not adhere to your Oath or some additional standards of conduct.

Here is the relevant section of the adopted policy of the Prince William County Electoral Board:

“The Board can remove election officers from their assignment and/or appointment for any cause including, but not limited to, the following:

- *Failing to follow the Code of Virginia or procedures outlined in election officer training;*
- *Discussing political opinions or candidates with fellow officers or voters;*
- *Failing to properly secure and monitor critical election equipment; or*
- *Attempting to hack, test, or use election equipment in ways not authorized by training.*

The Board can make a removal for a certain period or it can be permanent.

The GR [General Registrar] can suspend any officer for the duration of an election for any of the above reasons until the Electoral Board has time to further review that election officer.”

Setting Up & Opening the Polling Place

INTRODUCTION

There are two components of setting up the polling place for Election Day.

Monday Setup (if possible)

This is not available for all precincts, but allows officers at most voting locations to partially set up the polling place. Some facilities are not accessible the day before the election.

Attendance at Monday setup is generally not required but always appreciated. The Chief at each polling place will communicate with officers about if and when Monday set up will take place.

Please note that the ballot scanners, pollbooks, and Touch Writers are NEVER turned on or opened on Monday. Election equipment and pollbooks must remain locked in the Cage until 5:00 am on Election Day.

Tuesday Opening

From 5:00 am when officers arrive to 6:00 am when the polls open, there is a lot of work to do to prepare the polling place for Election Day, including:

- Completing setup elements not permitted to be completed on Monday.
- Opening all election equipment.
- Placing signs outside to direct voters to the voting room.
- Completing the officer Oath and signing all required forms.
- Printing equipment tapes.

Monday Setup

If available, please go to Monday setup to assist your election officer team with the following activities.

MONDAY SETUP CHECKLIST

Each cage will have a diagram on the front that tells you where all the key items are in each cart. Cages have either two or three shelves and your cage will have a diagram that reflects this. Please note that in some locations, items are delivered on the top of the cart.

MACHINE KEYS

The voting machines (ballot scanner and Touch Writer) use 3 keys for setup and closing. Each key serves a different function and is color-coded.

Green/Square Key — Unlocks the outer case of the voting machines.

Yellow/RS Key — Unlocks and locks the tablet in place.

Red/CH Key — Unlocks and locks access to voted ballots: the front and rear doors of the ballot box and the vDrive compartments of the Touch Writer and ballot scanner.

MACHINE CODES

You will be supplied with 3 codes for the voting machines:

Open Polls Code — Used to open the polls on the ballot scanner and the Touch Writer.

Poll Worker Code — Used to access the Poll Worker Menu on the Touch Writer.

BELL FOR OUTSIDE POLLS VOTING

Make sure the voting parking space or area is established within 150' of the polling place entrance.

Assemble the bell (*bottom left*) included in the cart.

Make sure to plug in (*bottom right*) and test the bell receiver by pressing the bell outside.

The doorbell receiver is in the Chief Bag and must be plugged into an outlet nearby so the bell can be heard. The receiver is often placed near the Chief's table.

BALLOT DROP BOX

Empty any items from inside the Ballot Drop Box and place them where required before the polling place opens.

Place the Ballot Drop Box in a secure location that is not too close to an exit. It should be visible to voters and election officers alike so it can be monitored during the day.

On or near the Chief's table is an excellent location to place the Ballot Drop Box.

OUTSIDE SIGNS

Make sure on Election Day morning you post all the necessary outside signs to direct and assist voters when they arrive at the polling place. Make sure all pathways (both exterior and interior) leading to the voting room are well marked and easily accessible.

Now you are ready to open your polling place doors and welcome voters with a smile!

Please remember that if your polling place is not fully ready, you still must open your doors at 6:00 am to voters while you finish the last steps.

Call Chief HQ at 703-792-8397 for support if you have any issues opening on time and note them on SOR Part F.

Election Day

INTRODUCTION

At 6:00 am, the Chief should go to the entrance and announce loudly “The polls are now open.” Open the doors and let the voters into the polling place.

Your job is to verify identification, check in voters, get voters their ballot, and provide guidance and assistance as needed so they can exercise their RIGHT TO VOTE.

All officers should have an assigned position by this point. Chiefs should rotate officers through different roles in the precinct throughout the day while considering individual officers skills, experience, and limitations.

Now let’s go help some voters!

Precinct Leadership

CHIEF DUTIES

The Chief is responsible for the overall management of the precinct including the following:

- Administer the oath to all officers.
- Oversee the setup and opening of the polling place.
- Supervise the officers working in the precinct and ensure proper procedures are being followed.
- Assign the officers to roles throughout the day.
- Communicate with media and poll watchers (if present).
- Assist voters who have issues and questions.
- Monitor the Prohibited Area for violations.
- Ensure the Provisional Ballot Log is kept up-to-date.
- Report hourly vote totals.
- Record discrepancies and issues on the SOR Part F.
- Oversee the closing of the polling place.
- Supervise the completion of closing documents.
- Ensure all paperwork, ballots, and key items are returned to the supply drop-off locations by two officers.

OTHER POSITIONS

Assistant Chief

The Assistant Chief is responsible for all of the above duties designated by the Chief and fills in for officers in different roles so they can take breaks throughout the day.

Equipment and Provisional Specialist (EPS)

The EPS is responsible for the opening and closing of election equipment as assigned by the Chief. They also assist with provisional ballots and other duties designated by the Chief.

Election Officers

Officers fill a variety of roles described on the following pages.

Greeter

The Greeter directs voter traffic outside of the polling place and controls the line at the point of entry into the voting room.

GREETER DUTIES

The Greeter has the following duties on Election Day:

- Direct voters into the voting room.
- Remind voters to have their ID ready.
- Identify voters who might have difficulty standing in line and offer them a chair.
- Direct the line to where it is safe for voters (example “Please keep the line on the sidewalk. Thank you.”).
- Make sure all paths into the voting room are accessible (example - watch for tripping hazards).
- Direct voters dropping off a mail ballot to the Ballot Drop Box location.
- Check for any Outside Polls voters and notify the Chief of their arrival.

BALLOT DROP BOX

On Election Day, all polling places are required to have a Ballot Drop Box for mail ballots. Voters who request mail ballots are allowed to return them to the Drop Box at any polling place (it does not have to be their assigned polling place) and are not required to show identification to do so.

The Ballot Drop Box in each polling place should be located where it is under the control of the election officers. The Chief's table is a recommended location. Do not place the Ballot Drop Box near an exit door.

If there is a line outside the voting room, the Greeter will send any voters with mail ballots to the Ballot Drop Box. They do not need to wait in the check-in line.

If you see any suspicious activity around the Ballot Drop Box, please report it to your Chief. They should report it to Chief HQ at 703-792-8397. The Chief should also document it on SOR Part F.

OUTSIDE POLLS VOTER

Voters who are 65+ or are disabled can vote outside the polling place.

The Outside Polls voting area must be within 150 feet of the exterior entrance to the polling place. The doorbell parts are in the cage and need to be assembled. It is used to notify you that you have an outside voter.

Test the doorbell at the start of the day to make sure it works.

How does the process work?

A voter eligible to vote outside shall be handed a printed ballot in a privacy folder by an officer. The voter shall mark the ballot in the officer's presence, and without revealing his vote, shall return the ballot to the officer in the privacy folder. The officer shall immediately return to the polling place and scan the ballot.

Who assists these voters?

It is preferred that the Chief or Assistant handle all Outside Polls voters, but the Chief or Assistant may delegate this duty to an officer who understands the process.

TIP: Any person who is with an Outside Polls voter may walk into the polling place with the election officer and watch the ballot being scanned. That person cannot touch or see the ballot.

Who is allowed to vote outside?

While intended for voters with disabilities and those 65 and older, there is no verification process. Any voter who rings the bell is allowed to vote outside. All voters in the car with the outside voter can vote Outside Polls as well.

Can Outside Polls voting be observed by poll watchers?

Yes, a poll watcher can watch this process but must give a voter privacy while completing their ballot.

HOW TO ASSIST AN OUTSIDE POLLS VOTER

1. Go to the car and greet the voter.
2. Ask the voter for name and address.
3. Get identification from the voter.
4. Take ID to the pollbook to check in the voter.
5. Pollbook officer will complete the check-in procedure.
6. Remind the pollbook officer to select the “Outside Polls” box on the pollbook.
7. Place the ballot in a privacy folder on a clipboard with a pen, an “I Voted” sticker, and the voter’s identification.
8. Give the clipboard to the voter so they can mark the ballot. Be sure to return the ID to the voter.
9. Step away to give the voter privacy.
10. The voter will give the officer back the ballot when done.
11. Take the ballot directly to the Ballot Scanner and insert it into the machine.
12. If the voter is still there or waited, confirm the ballot scanned properly with the voter.

If the voter is still located in the Outside Polls area and there is an issue, spoil the ballot and get the voter a new ballot. If the ballot is rejected because it is an overvote or blank and the voter left, the officer will touch “Cast ballot as-is.” If the ballot CANNOT be scanned and the voter is no longer in the Outside Polls area, the ballot must be hand-counted. Put the ballot in the emergency ballot slot.

Pollbook Officer

The Pollbook Officer is the starting point for the voting process. They check in voters on the pollbook and distribute ballots.

DUTIES

- Check in voters on the pollbook.
- Distribute ballots to qualified voters.
- Refer issues and provisional ballot situations.

VOTER IDENTIFICATION

Pollbook Officers will ask all voters to present identification as part of the check-in process.

Any voter who does not present an acceptable identification may instead sign an ID Confirmation Statement, subject to felony penalties, affirming they are the registered voter they claim to be. If they complete this statement, it functions as acceptable identification.

Any voter who does not present an acceptable identification and does not sign this statement must vote provisionally. Send them to the Chief/provisional station.

Additional identification notes:

- Name on identification does not need to match exactly if it is similar (nickname, initials, or maiden name).
- Address on identification does not have to match the pollbook as long as the stated address does.

Please note that only the Voter Notice, Voter Registration Card, and Driver's License are scannable. For other types of ID, use manual entry to look up the voter.

HOW TO CHECK IN A VOTER

1. **Ask voter for identification and verify it is an acceptable type of identification.** *If voter does not have acceptable identification, they can complete the ID Confirmation Statement instead.*

2. **Look up voter on the pollbook** using manual entry or the hand scanner (for licenses or voter registration cards).

3. **Select the correct voter on the pollbook.**

4. **Ask the voter for full legal name and current residence.** (Voter can confirm it matches the identification instead of stating out loud.)

5. **Verify the information on the pollbook is correct.** If address does not match the pollbook or the voter is flagged, send them to the Chief/provisional station.

6. **State aloud the name of the voter only.** Do not state the address aloud.

7. **Click the “Check In Voter” button in the pollbook.**

8. **Click the “Continue” button.**

9. **Give the voter a ballot in a privacy folder.**

TIP: If a voter has ID issues or a flag in the system that will not allow them to be checked in, refer them to the Chief/Provisional station. This is important to (1) not hold up the check-in line and (2) to make sure the situation is being thoroughly reviewed without the pressure that sometimes exists at check in.

Voter Identification

All voters casting a ballot in-person will be asked to show one form of identification. Any voter who does not present acceptable identification may instead sign a statement, subject to felony penalties, that they are the named registered voter who they claim to be. Any voter who does not present acceptable identification or sign this statement must vote a provisional ballot.

Rev. 8/2023

ELECTION DAY

SPECIAL CHECK-IN SITUATIONS

Certain voters may require further verification or a provisional ballot.

Situations where voters can be issued a **REGULAR BALLOT** by the Pollbook Officer:

- **If there is a “Junior Senior” tag**, check the birth date to ensure you are checking in the correct voter. Once you have confirmed this, then check in the voter.
- **If there is an “R” tag**, the voter is protected and allowed to use a P.O. Box as their address. Check the voter in. Do not make any comment about the voter’s protected status or ask for a physical address.

Situations where you **REFER THE VOTER to the Chief/provisional station** to determine the proper type of ballot and voting location:

- **Voter Has Moved** - If a voter’s current address does not match the pollbook.
- **Voter is not on the pollbook or has not registered** - Voter can complete a same-day registration and vote a provisional ballot.
- **AB Marked** - A marked absentee (mail) ballot was received from the voter and they can only vote via a provisional ballot if they think that is incorrect.
- **AB On Machine** - This person is marked as having voted during Early Voting and can’t vote a regular ballot. They can vote a provisional ballot if they think this is in error.
- **AB Unmarked** - The voter has returned their absentee ballot WITHOUT marking it (did not vote their ballot). They can receive and vote a regular ballot.
- **Address Confirmation (Inactive Voter)** - The voter must complete the Affirmation of Eligibility to receive and vote a regular ballot.
- **Other Locality** - Voters in the wrong jurisdiction should go to the Chief station to be redirected.
- **Any Other Tags** - If a voter has any other tag in the pollbook, refer them to the Chief/provisional station.

SPECIAL ID SITUATION

There is one type of Driver's License that is not acceptable because it is given only to non-citizens. It is called a **Driver's Privilege Card**.

To confirm this type of identification, you must see **ALL** of the following identifiers (*circled in picture below*):

1. "Federal Limits Apply" in the front top right corner.
2. "9" listed under Restrictions in the bottom middle.
3. The license must state "Limited Duration" on the back under Restrictions.

This individual may vote a regular ballot if they sign an ID Confirmation Statement or must vote a provisional ballot if they will not sign the statement.

ABSENTEE (MAIL) BALLOT SITUATIONS

Some voters applied for and received a mail ballot and may show up at the polling place on Election Day. Here is how you handle those situations depending on (1) if they have their ballot with them and (2) how they prefer to vote.

Voter has brought the ballot (in envelope) to drop off.

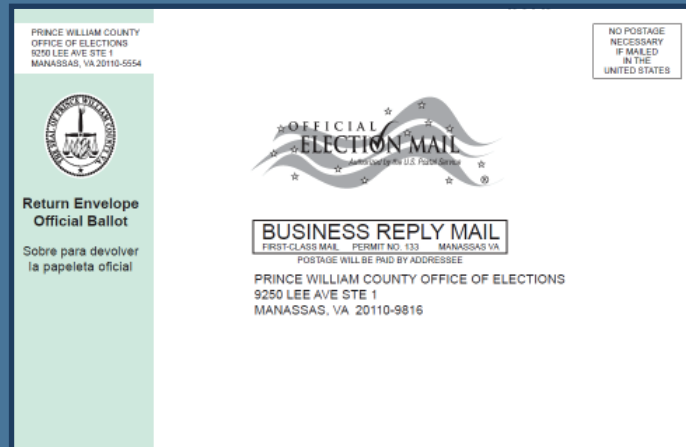

Direct the voter to the Ballot Drop Box. Do **NOT** check them in on the pollbook.

Voter has brought in their ballot, but wants to vote in person.

The voter can surrender their ballot. Direct this type of voter to the Chief/provisional table. The Chief (1) assists the voter in spoiling the absentee ballot, (2) enters the override password to check in the voter on the pollbook, and (3) gives the voter a new ballot.

Voter applied for an absentee ballot, but did not receive it or did not bring the ballot with them.

Direct the voter to the Chief/provisional table. The voter may only vote a provisional ballot.

BALLOT DISTRIBUTION

Once you have determined the voter is qualified and have checked them in on the pollbook, give one ballot to the voter.

Make sure you do the following:

- Place the ballot in a privacy folder.
- Tell the voter to fill in the box completely next to their selections using one of the pens provided.
- Direct the voter to the voting booth.

If there are any special instructions for a particular election, make sure to provide them. They will be noted in your training class if applicable.

Ballots provide voting instructions in both English and Spanish.

PAPER POLLBOOKS

Paper pollbooks are supplied as a BACKUP. All the normal check in processes still apply and paper pollbooks should only be used if the electronic pollbooks fail.

To check in the voter on the paper pollbook:

1. Mark the next number in the “Pollbook Count” column by the voter’s name.
2. “X” out that same number on the count form.

These steps are highlighted on the opposite page.

When your electronic pollbook becomes available, transfer all voters who were checked in on the paper pollbook into the electronic pollbook.

In the unlikely event the paper pollbook was used until closing, contact Chief HQ for instructions.

Note: *If your electronic pollbooks are down, call Chief HQ right away at 703-792-8397 to resolve the issue.*

REMINDERS

- Officers may NOT explain or interpret the meaning of ballot questions or comment on candidates.
- Voters may use a cell phone to do research, but may not talk on the phone as it disturbs other voters.

REQUEST FOR ASSISTANCE FORM

The Request for Assistance Form must be signed by the voter if they ask for assistance that **requires the assistant to see how the voter has voted**. This can include reading ballot instructions, assistance with ballot completion, or assistance to cast the ballot on the scanner.

An assistant can be an aide, helper, family member, or an election officer. The assistant must also sign the Request for Assistance Form.

Poll watchers, a voter’s employer, or a voter’s union representative are prohibited from assisting a voter.

If the voter is unable to sign, the Assistant can write “Blind Voter” or “Unable to Sign” on the signature line for the voter.

ABOUT THE TOUCH WRITER

The Touch Writer (TW) is an accessible ballot marking device. Any voter may use the TW to make ballot selections using either the touchscreen or the Verity Access device (described below). Once a voter has finished voting and reviewed their choices, they print a paper ballot marked with their choices on the attached printer. The voter then casts the ballot using the ballot canner. Votes are not cast or stored on the Touch Writer and it does not tally results.

VERITY ACCESS AND PRINTING BALLOTS WITH THE TOUCH WRITER

Verity Access is intended for voters who cannot, or prefer not to, use the touchscreen. Verity Access includes two connection ports: the left connection port for headphones and the right connection port for any dual-switch input device (such as tactile switches or sip-and-puff devices for voters with physical disabilities).

With Verity Access, a voter can:

- Use the touchscreen or Move Wheel to navigate the device (*right*);
- Make selections on a ballot with the Select button;
- Activate help text using the Help button.

Anything visible on the screen will be heard through the headphones for visually impaired voters.

ACTIVATING AND PRINTING BALLOTS WITH THE TOUCH WRITER

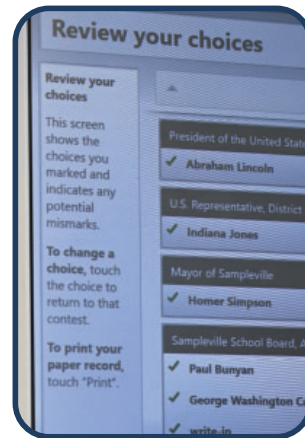

When the device is ready to be used for marking ballots, the “Ready for Use” screen (*right*) will display.

1. Press and hold your finger on the “Ready for Use” button or, alternately, press the blue Poll Worker button on the back of the TW.
2. Enter the Poll Worker Code (Chief binder) and “Accept.”
3. Select “Activate ballot.”
4. Choose the correct ballot style and select “OK.” (To activate a provisional ballot, select “Mark as provisional.”)
5. Confirm the selection you have made, then select “Yes, activate this ballot.”
6. The voter chooses whether they would like to use the Verity Access accessibility features.
7. *If the voter chooses “Yes,”* help them change the settings, they will proceed to the next step.
8. *If the voter chooses “No, skip straight to voting,”* they will be taken to the “About Your Ballot” screen.
9. Give the voter a privacy folder to use after the ballot prints.
10. Tell the voter you are nearby if they need assistance. Stand far enough away so you cannot see the screen.
11. The voter starts by selecting “Begin Voting.”

VOTING A BALLOT ON THE TOUCH WRITER

- The voter can use the touchscreen or the Move Wheel and Select Button on the Access Device to make choices.
- A selected choice will display under a green box with a check mark.
- Select “Next” to advance to the next contest.
- When the voter has reached the end of the ballot, the “Review your choices” screen will appear (*right*).
- After reviewing and confirming choices, the voter selects “Print” to print the marked ballot.
- The voter selects “Yes, print my ballot.”
- The voter retrieves the ballot from the printer.
- The voter places the ballot in a privacy folder.
- The voter takes the ballot to the ballot scanner to cast it.

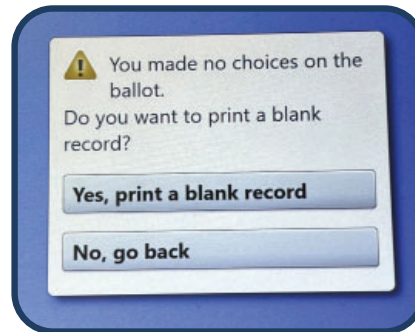

MAKING WRITE-IN CHOICES (GENERAL ELECTION ONLY)

- To write-in a candidate on the ballot (if applicable): On the page for that contest, the voter selects “To enter a write-in, touch here.”
- The voter enters the name of the desired write-in candidate using the touchscreen or Verity Access and then selects “Accept.”
- The voter’s write-in choice will appear under a green box with a check mark.

PRINTING BLANK BALLOTS

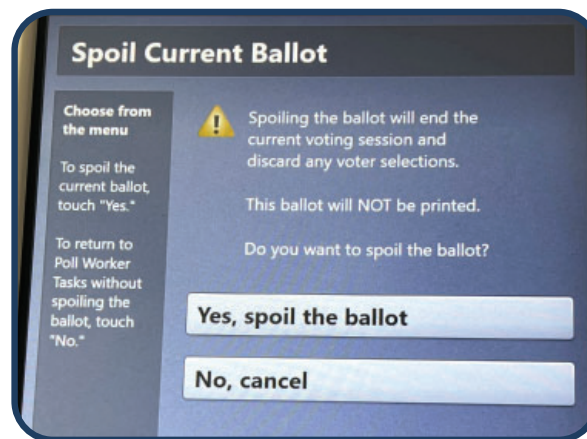

If the voter has marked no choices and selects the “Print” button, the Touch Writer will ask the voter to confirm before printing a blank ballot (right).

If you are printing a provisional ballot, you can select the skip button until you see “Review your choices” and then “Print.”

SPOILING A BALLOT ON THE TOUCH WRITER

1. Press the blue Poll Worker button on the back of the TW.
2. Enter the Poll Worker Code and select “Accept.”
3. Select “Spoil current ballot.”
4. Select “Yes, spoil the ballot” and then select “OK.”

TOUCH WRITER HELP AND FEATURES

Each TW is equipped with context-specific help text and settings that can be accessed from the touchscreen or by using Verity Access.

- Voters can select the Language button at the top left of the screen to change the language of the instructions and ballot.
- Voters can select the Screen button to change the screen settings (contrast and text size) or to turn the screen off.
- Voters can select the Audio button to change the audio settings (volume and speed) for the headphones.

To exit the Help or Settings screens and resume voting, select “Exit Help” or “Return to ballot” on the bottom right. Options include:

ELECTION DAY

Scanner Officer

The Scanner Officer monitors the ballot scanner and helps voters as requested.

DUTIES

- Maintain the security of the ballot scanner.
- Position yourself near the scanner to help as needed.
- Keep distance for privacy. Do NOT stand right next to the ballot scanner or immediately behind it. You should NOT be able to see how a voter has voted their ballot.
- Tell voters to watch for the American flag screen to know their ballot has been accepted.
- Keep “I Voted” stickers stocked on a table near the exit.
- Assist voters with issues or problems.
- Report any ballot scanner issues to the Chief immediately.

HOW TO KNOW A BALLOT HAS BEEN ACCEPTED

- The voter will see the American Flag when the ballot is accepted.
- Position yourself so you can see the blue flashing light on the back of the ballot scanner (*right*) or the screen.
- Ballots can be inserted any direction except sideways.

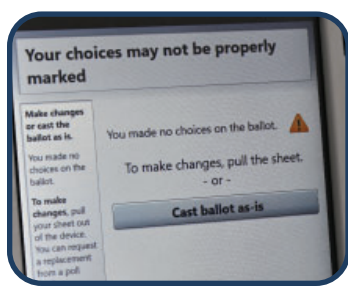

UNDERVOTES

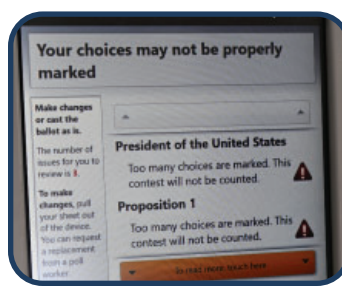

Please note that undervotes are accepted on the ballot scanner. If a voter has selected too few candidates in one or more contests, the ballot will scan and the voter cannot change their vote or get another ballot once it has been accepted. An entirely blank ballot (all undervotes) will be rejected.

REJECTED BALLOTS

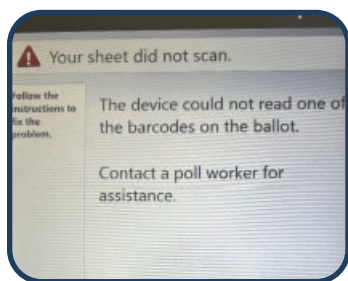

The ballot scanner will reject ballots for the following reasons and display a message on the screen in each case.

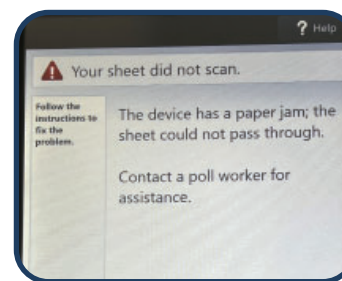

BLANK BALLOT ERROR

OVERVOTE ERROR

DID NOT SCAN ERROR

PAPER JAM ERROR

Never look at or ask for a voter's ballot to maintain privacy. Ask voters to read what they see on the screen to you.

If the voter removes the rejected ballot from the machine, the ballot scanner will go to the default "Ready for use" screen. Ask the voter to scan the ballot again but leave it on the machine if it gets rejected. The voter can now read what is on the screen to you.

The next page explains how to handle each of these situations.

BLANK BALLOT ERROR

A blank ballot is when the voter failed to make any choices for any contest on the ballot.

The voter can cast this ballot (by selecting the “Cast Ballot as-is” button from the screen) if they choose or return to a voting booth with the ballot to make their selections.

OVERVOTE ERROR

An overvote is when a voter makes too many selections for any contest on the ballot.

The voter has 2 choices: (1) cast the ballot as is OR (2) get a new ballot.

If the voter wants a new ballot, direct them to the Chief where they can get a replacement ballot.

If the voter wants to cast the ballot as is, the voter should:

1. Insert the ballot into the Ballot Scanner again.
2. The ballot will be rejected again.
3. The voter should select the “Cast Ballot as-is” button on the screen.
4. The ballot will then be accepted. Any contests marked correctly will be tabulated.

PAPER JAM ERROR

Occasionally, the ballot scanner may jam as dust particles can build up over time.

If it happens once, try rescanning the ballot.

Contact Chief HQ at 703-792-8397 for technical assistance if it happens repeatedly or clean the optical reader with the spray and cloth provided. Call the Chief before doing this.

DID NOT SCAN ERROR

If a ballot did not scan, the scanner could not read one or more of the bar codes. This happens for one of the following reasons:

- One or more of the bar codes was not readable.
- Voter attempted to scan a provisional ballot.
- Ballot was fed unevenly.

Have the voter scan the ballot again, preferably in a different direction or by flipping it upside down. Occasional smudges or print marks can sometimes have slight issues and work themselves out.

If the issue is not resolved, send the voter to the Chief to get a replacement ballot.

Provisional Officer

The Equipment and Provisional Specialist is a role intended to assist the Chief and Assistant Chief with the provisional ballot process. Those three roles are generally the only positions that should function in the Provisional Officer role.

The leadership team at the precinct should set up a Chief/provisional station in the precinct where the pollbook officers can send voters with special situations. This will ensure the check-in line is not slowed down and provide the best service to individuals with location or eligibility issues by officers that have been trained on the provisional process.

DUTIES

- Assist voters with the provisional ballot process.
- Provide explanations to voters.
- Direct voters to their correct voting location when appropriate.

PROVISIONAL BALLOTS

Provisional ballots (VA Code§ 24.2-653) are an important part of the voting process. If there is uncertainty about a voter's eligibility to vote, they can still vote a ballot. But it is not cast on the ballot scanner like most voters.

A provisional ballot is completed and then sealed inside an envelope until it can be reviewed after the election. The Electoral Board must determine if a provisional ballot counts or not after the election.

PROVISIONAL VOTERS

- **A provisional ballot is a ballot cast by a voter whose eligibility cannot be determined on Election Day.**
- The voter will vote a ballot that is then sealed in a provisional envelope.
- The voter will deposit the envelope in a sealed provisional ballot bag.

The voter completing a provisional ballot should not leave the Chief/provisional station until the provisional ballot is placed in the provisional ballot bag.

Provisional ballots are programmed so the ballot scanner will automatically reject them to prevent a voter from accidentally casting a provisional ballot as a regular ballot.

If you are short on provisional ballots, contact Chief HQ at 703-792-8397 as there are multiple options.

REASONS A VOTER WILL VOTE PROVISIONALLY

A voter may be asked to vote a provisional ballot because:

- #1: Same-Day Registration (SDR) or not on pollbook - Includes new voters and voters updating their registration with intent to vote in the new location.
- #3: Voting after hours due to court order
- #4: Vote by mail - no ballot to surrender
- #5: Shown on pollbook as already voted
- #6: Other
- #7: Voter does not have required ID and declined to complete ID Confirmation Statement

HOW TO PROCESS A PROVISIONAL VOTER

Look up the voter in the pollbook to determine the reason the voter was sent to you. Use the quick reference on page 100.

*If a regular ballot, check in and issue the voter a regular ballot.
If voter should receive a provisional, complete steps 1 & 2.*

STEP 1:

DETERMINE CORRECT VOTING LOCATION

If a voter is at the Chief/provisional station for reasons #3-7 and the pollbook matches your precinct #, proceed to Step 2.

If a voter is a new voter, has moved, or is not in the pollbook, first determine the location (or locations) where the voter can vote. It is very important to ensure the voter is in the correct precinct.

(A) Use the “Moving Conditions” chart in your materials.

If a voter is registered to vote in one precinct but has moved to another precinct, they have the option of going to the old precinct and voting on the machine or completing a Same-Day Voter Registration Application and voting a provisional ballot in the precinct where they now live. Find out what they would like to do.

(B) If the voter decides to vote via Same-Day Registration, the provisional officer must use the Street File Lookup to ensure that the voter is in the correct precinct.

1. Select the Menu icon.
2. Select the “Street File Lookup” option.
3. Type the street name field ONLY and click “Submit.”
4. A list of results should appear with the precinct #.

If the voter is not in the correct precinct, give them the address for their polling place and send them there.

If the voter is the correct precinct, proceed to Step #2.

STEP 2:

ASSIST THE VOTER WITH A PROVISIONAL BALLOT

1. Explain to the voter why voting a provisional is necessary given their situation.
2. **Select the correct side of the envelope for you and the voter to complete:**

Same-Day Registration Application (SDR): New voters, registration updates (movers), and not on pollbook.

Non-SDR side: All other reasons.

If uncertain, use the Same-Day Registration Form.

3. Check the correct reason in the bottom left of envelope.
4. **If Same-Day Registration, ask for ID and mark box.**
5. Sign the form in the bottom left.
6. Write your precinct # in the top right.
7. Check the reason on the Provisional Voter Notice.
8. Have the voter complete the appropriate form on the provisional envelope and sign.
9. Verify the voter has signed and completed all information.
10. Give the voter a provisional ballot.
11. Have the voter mark the ballot (in privacy).
12. Have them seal the ballot in the envelope.
13. Update the Provisional Ballot Log.
14. Have the voter place the provisional envelope in the sealed provisional bag.
15. Give the Provisional Voter Notice to the voter.
16. Give the voter an “I Voted” sticker.

PROVISIONAL BALLOT VS. REGULAR BALLOT QUICK REFERENCE

REGULAR BALLOTS

- **If there is an “R” tag**, the voter is protected and allowed to use a P.O. Box as their address. Check in the voter and issue a regular ballot.
- **AB Unmarked** - The voter has returned their absentee ballot WITHOUT marking it. Check in the voter and issue a regular ballot.

NEED TO DETERMINE

- **Voter Has Moved** - If a voter’s current address does not match the pollbook, this could be a regular ballot or a #1 Same-Day Registration provisional ballot depending on the “Moving Conditions.” Use that chart to determine.
- **AB Issued** - The voter was sent a mail ballot. If they have that ballot, they can exchange it for a regular ballot. If they do not, they vote a #4 Non-SDR provisional ballot.
- **Address Confirmation (Inactive Voter)** - If voter has not moved, they must complete the Affirmation of Eligibility to receive a regular ballot. If they have moved, follow the “Moving Conditions” chart to determine location eligibility.
- **Other Locality** - Voters in the wrong jurisdiction should contact the elections office for their county or city.

PROVISIONAL BALLOTS

- **Voter is not on the pollbook or has not registered** - This is a #1 Same-Day Registration provisional ballot.
- **AB Marked** - A marked absentee (mail) ballot was received. This is a #4 Non-SDR provisional ballot.
- **AB On Machine** - This person voted during Early Voting. This is a #5 Non-SDR provisional ballot.
- **Court Extends Voting Hours** - If a court order extends voting hours beyond 7:00 pm, all voters arriving after 7:00 pm must vote a #3 Non-SDR provisional ballot.
- **Any Other Status or Situation** - If a voter has any other tag or a situation that does not match those on this list, call Chief HQ for guidance at 703-792-8397.

SAME-DAY REGISTRATION

Same-day registration (SDR) is a new process in Virginia where a voter can complete a Voter Registration Application (VRA) and vote a provisional ballot on Election Day.

All voters who are trying to BOTH (1) register and (2) vote on Election Day MUST cast a provisional ballot. This means these voters cannot vote on the Ballot Scanner at your polling place.

The normal ID rules apply for same-day registrants, including signing the ID Confirmation Statement if they do not present a valid ID.

If the voter does not want to vote on Election Day, they are welcome to complete a regular Voter Registration Application and leave it with the Chief to be returned to the Office of Elections.

Prohibited Area

Starting at 5:00 am and continuing until 8:00 pm, certain things and activities are not allowed within 40 feet of the entrance to the polling place or inside the voting room. This is called the Prohibited Area. Political activity and weapons are not allowed in this zone.

Before the polls open, post the “Prohibited Area” signs at least 40 feet from the exterior entrance to the polling place. Please note this can be either a main entrance to the building if the hallway(s) that lead to the voting room start there. It can also be a doorway that is a direct, exterior entrance to the voting room itself. The distance is always measured from an exterior entrance, not an interior one.

Election officers have control over what happens within the Prohibited Area. The officers may require any person who is found by a majority of the officers present to be in violation of the Prohibited Area rules to leave the Prohibited Area.

Political Activity

Some examples of political activity not allowed inside the Prohibited Area are:

- Wearing campaign shirts, hats, buttons, or stickers.
- Carrying campaign signs, flyers, or postcards.
- Actively discussing candidates or initiatives.

Voters in the act of voting may wear campaign clothing, but once they have voted, they must exit the polling place and Prohibited Area immediately.

Voters may bring sample ballots and other campaign flyers into the polling place. They must take those items with them or throw them away.

Safety

FIREARMS

Firearms are not allowed inside the Prohibited Area or in the polling place, except for law enforcement officers.

If anyone enters the polling place carrying or wearing a firearm, they should be informed that firearms are not allowed in the polling place. No permit provides an exception to this law.

If there is a voter with a firearm, but there is no immediate danger, contact Chief HQ at 703-792-8397.

If the person starts to brandish the firearm or you feel threatened, CALL 9-1-1 immediately.

The Office of Elections is in communication with the police and emergency services on Election Day to help respond to issues.

OUTSIDE THE PROHIBITED AREA

While most activities outside the 40-foot area are not the domain of election officers, a few activities are not allowed within 300 feet of the polling place entrance, including:

- Using a loudspeaker.
- Brandishing weapons.
- Intimidating voters.
- Gathering in a militia (a group in military fatigues).

If you see these activities, contact Chief HQ at 703-792-8397 as soon as possible.

Authorized Persons

Many people are authorized to be in the polling place on Election Day in the interest of transparent elections, to provide information to the public, and to monitor the progress of the election.

LIST OF AUTHORIZED PERSONS

- Members of the PWC Electoral Board (badge)
- Office of Elections' staff (badge)
- Election officers assigned to work the election (roster)
- Special Assistants
- Voters there to vote
- Children under the age of 16 with their parents
- Media members following the guidelines in this manual
- Poll watchers (authorized representatives) with an authorization form or letter from a party or candidate
- Neutral observers with written authorization from the Office of Elections or Electoral Board

Media Guidelines

MEMBERS OF THE MEDIA

Media representatives with credentials from their company or organization are permitted inside the polling place only during voting hours (6:00 am to 7:00 pm).

They must check in with the Chief upon arrival inside the polling place and are restricted to a reasonable and limited period of time inside the Prohibited Area. They should leave immediately after completion of their work.

Interviews with voters or taping of reporters' remarks are prohibited inside the polling place and the Prohibited Area, but permitted outside of the Prohibited Area.

VIDEO AND PHOTOGRAPHY

Media can shoot video or photograph voters, officers, and the polling place, but it must be wide shots that follows these rules:

- Media representatives are prohibited from filming or photographing any person who specifically asks that he/she not be filmed or photographed.
- No filming or photographing may be performed in a way that divulges how any individual is voting, the voter list, or any other voter record or material at the precinct.
- Filming and photography should never be executed near the voting booths or ballot scanner.
- Media representatives shall not impede the voting process or the work of the election officers.

Poll Watchers

POLL WATCHER BASICS

Election officers should maintain a friendly and helpful disposition towards poll watchers and respect their right to perform certain functions.

Poll watchers should respect that for security and the continuity of operations of voting, some limitations are placed on their communications and behavior.

The goal is to provide all poll watchers with access to observe the voting process, but they may not “hinder or delay” a voter or election officer (VA Code § 24.2-604(c)(i),(iv)).

A poll watcher must:

1. **Present the Chief with an authorization form or letter** signed by the party chair or the candidate.
2. **Be a qualified registered voter in Virginia.** Officers should verify this in the pollbook or contact Chief HQ at 703-792-8397 if they cannot be found on the pollbook.

Poll watchers are NOT permitted to:

- Campaign or electioneer inside the polling place or the Prohibited Area.
- Wear or carry clothing, buttons, or signs for a political party or candidate.
- Provide assistance to voters who need help in marking or casting their ballot.
- Delay a qualified voter or interfere with the orderly conduct of the election.

Poll watchers should direct all communications and requests to the Chief and should NOT communicate with election officers or voters.

NUMBER OF POLL WATCHERS ALLOWED

Before Opening:

Only 1 poll watcher per political party or independent candidate.

While Polls Are Open:

Up to 3 poll watchers for each political party with a candidate on the ballot and up to 3 for each independent or primary candidate on the ballot are allowed. When there are multiple electronic pollbook stations, 1 representative from each party and 1 from each independent or primary candidate is allowed for each pollbook.

After Polls Close:

Each political party with a candidate on the ballot may have 2 poll watchers and an independent/primary candidate on the ballot in that election may have 1 poll watcher during closing. Bystanders should be notified if there are less than 4 poll watchers from the parties and candidates at closing.

Getting the maximum number of poll watchers is rare, but if you are unsure or if space is an issue, please call Chief HQ at 703-792-8397 for support and advice.

BEFORE OPENING

Poll watchers may observe election officers as they open the polling place for the day, including observing the equipment being opened.

Poll watchers who come to observe opening should be at the polling place by 5:00 am to be let in by the Chief.

While officers are setting up the polling place, poll watchers must not interfere as they complete their duties.

WHILE POLLS ARE OPEN

Any questions or concerns from poll watchers should be directed to the Chief. Poll watchers should not communicate with officers and allow them to perform their job.

Poll watchers can sit or stand near the check-in tables and should be able to hear voters check in. They cannot “be in a position to see the marked ballot of any other voter” near the voting booths or ballot scanner (VA Code §24.2-604).

The Chief can designate the areas poll watchers may sit or stand to enable the observance of these rules. There must be an area near the check-in station and another area where poll watchers can observe the voting and scanning of ballots without being too close as to violate voter privacy. Poll watchers must be allowed to be in more than one location, if possible, given the size of the voting room.

Poll watchers can observe outside polls voting assistance and travel between designated poll watcher areas.

The Chief will notify poll watchers when issues arise so they can observe the resolution of those issues.

Poll watchers authorized to be inside the polling place during the day have the right to be close enough to hear how election officers resolve voter issues.

Election officers should speak loud enough that poll watchers can hear directions and communication to voters, but officers are not required to repeat instructions or communications if a poll watcher is not nearby or did not hear it.

Poll watchers may use devices such as tablets and phones for the purpose of referencing lists of voters present, but they cannot use any device outfitted with a camera to take photos or video inside the polls.

Poll watchers may not be on phone calls inside the polling place, although they may send and receive text messages. All phones must be set to silent or vibrate while inside the precinct.

Poll watchers can observe any language translation provided to assist voters.

AFTER POLLS CLOSE

After the polls are closed, if there are fewer than 4 poll watchers in total at the polling place who request to be present while the votes are ascertained, the officers shall notify any bystanders, and select one or more bystanders to be present with any representatives so that there are as many as 4 (total) bystanders and representatives present during the count. The law limits the number of authorized representatives after the polls close to two from each political party with candidates in the election and one from each independent candidate or primary candidate. (VA Code § 24.2-655).

A person who wants to watch the counting as a bystander is advised to let the Chief know before the polls close that he or she will be waiting outside the polling place and outside the 40-foot prohibited area immediately after the polls close.

There are no qualifications in the Code for the “bystanders” so, for example, a bystander may be selected who is not a registered Virginia voter (a requirement for all representatives).

Write-in candidates in general or special elections are not entitled to representatives at any time, but may use the bystander provision to have observers into the polling place during the count if there are fewer than 4 poll watchers.

The representatives and bystanders cannot leave until the final results are ascertained and the Chief has opened the doors and announced the results of the election, and may not communicate with any person outside the polling place by any means during the counting and ascertainment. There are no exceptions to this rule.

Representatives and bystanders present may witness the counting and ascertainment of results but may not touch or handle any ballot, voting machine, or any official document.

The representatives and bystanders present shall have an unobstructed view of the election officers and their actions as the votes are counted and the returns are completed, and may make their own notes during the counting and ascertainment.

POLL WATCHER ISSUE RESOLUTION

Chiefs who are unsure if a poll watchers' request or action is permissible should contact Chief HQ at 703-792-8397 to seek guidance.

Poll watchers found to be violating the rules may be removed by a majority vote of the officers present (VA Code §24.2-604).

Poll watchers who refuse to leave the polling place after a majority vote of officers will be removed by the police and face any criminal penalties that result from their behavior under Virginia Code §24.2-607. That code section states:

§ 24.2-607. Prohibited conduct; intimidation of voters; disturbance of election; how prevented; penalties.

"A. It shall be unlawful for any person to hinder, intimidate, or interfere with any qualified voter so as to prevent the voter from casting a secret ballot. The officers of election may order a person violating this subsection to cease such action. If such person does not promptly desist, the officers of election, or a majority of them, may order the arrest of such person by any person authorized by law to make arrests[...]

B. No person shall conduct himself in a noisy or riotous manner at or about the polls so as to disturb the election or insult or abuse an officer of election. Any person authorized to make arrests may forthwith arrest a person engaging in such conduct[...]."

However, most issues can be resolved with patience and good communication on both the part of the elections officers and the poll watchers.

Work to build a respectful and helpful relationship and usually the same is returned.

Emergency Guide

There can be many different emergencies in the Polling Place on Election Day.

EMERGENCIES

If you need to call 9-1-1 for any reason that is a life-threatening emergency, make the call to ensure the safety of the voters, election officers, and general public. These can include fire, active shooter, or any other life-threatening emergency. When the staff and evacuation checklist items are secure, call Chief HQ at 703-792-8397.

When calling 9-1-1:

- Use the building address on the front of the Chief Binder.
- Send someone outside to meet emergency personnel.
- Document the incident on SOR Part F.

MAKE AN EVACUATION PLAN

Before it becomes necessary, the Chief needs to have an evacuation plan. You may be told to evacuate by emergency personnel or the site administration based on events occurring at your polling place.

Elements of the plan should include:

1. **Pick a rendezvous point** outside the polling place to meet in an emergency.
2. **Assign officers to remove equipment and supplies from the polling place should you have to evacuate.** Use the list on the opposite page to make those assignments and make sure to communicate them to the officer team.

If possible, voting will resume once the emergency has concluded. Secure ballots and election equipment if time and conditions allow.

Voter Challenges

In Virginia, any qualified voter may, and the officers SHALL, challenge the vote of any person who is listed on the pollbook who is known or suspected not to be a qualified voter.

The Affirmation of Eligibility form is used whenever there is a challenge.

The reasons allowed for any voter challenges are listed on the form.

One of the election officers completes Section A of the form until you get to “Statement of Challenger.”
